Abstract: ***We all know that nowadays the crime rate is frequently increasing day by day in our society. From this we have an idea to develop the system. Problem was that people got tired by going here and there to get justice. So our application is capable of registering FIR online, showing investigation updates, delivering news about crime etc. So it is an application which provides solutions to the problems faced during taking actions against crime.***

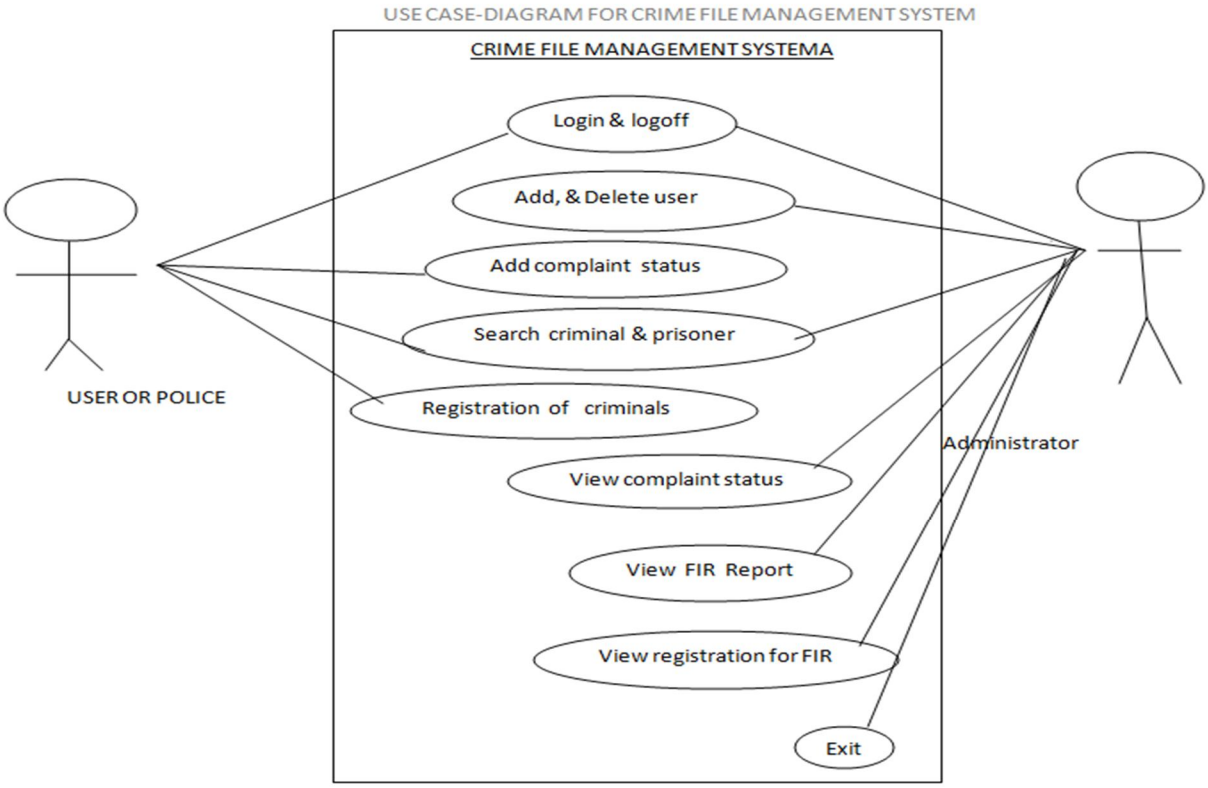

I. INTRODUCTION

We all know that nowadays that crime rate is frequently increasing day by day in our society. From this we get an idea to develop the system. Problem was that people got tired of going Here and there for justice. So our application is capable of registering FIR, Online, showing investigation updates, delivering News about crime etc. So it is the solution to the problems faced during taking actions
Against crime.

II. RELATED WORK

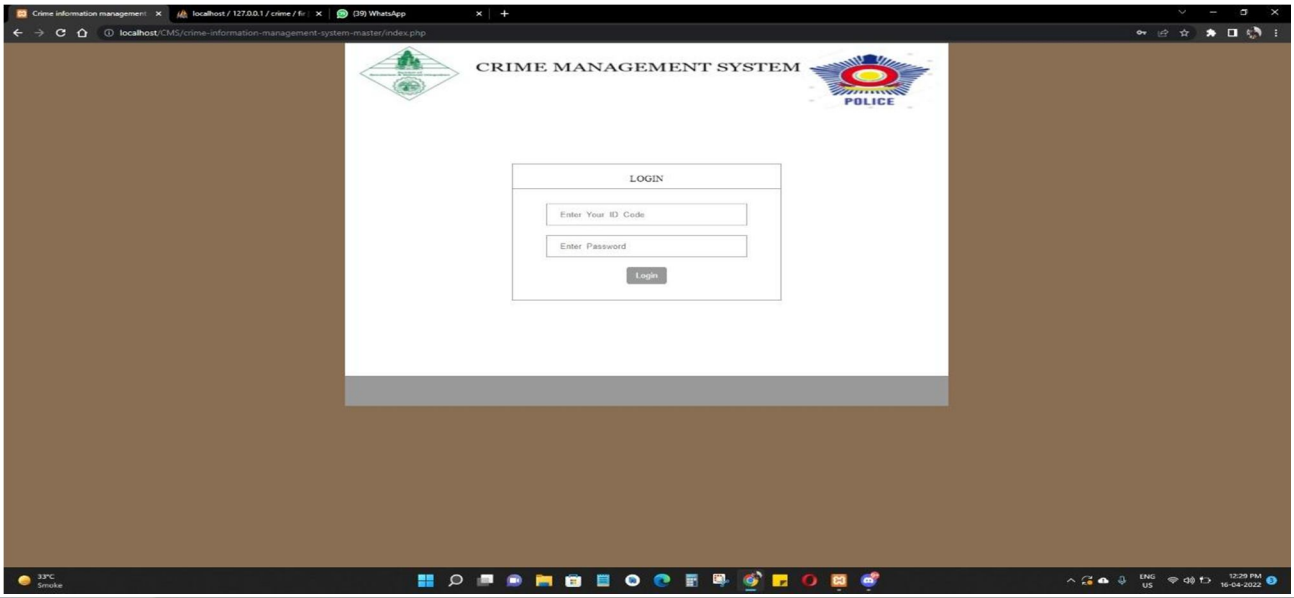

Several papers and projects have targeted the issue of online crime management system Taher Wagh And Abhijith Niar compared the GUI of various online crime Management systems and Amaan Malim and Mohammad Sayed presented a novel approach towards the online crime Management system

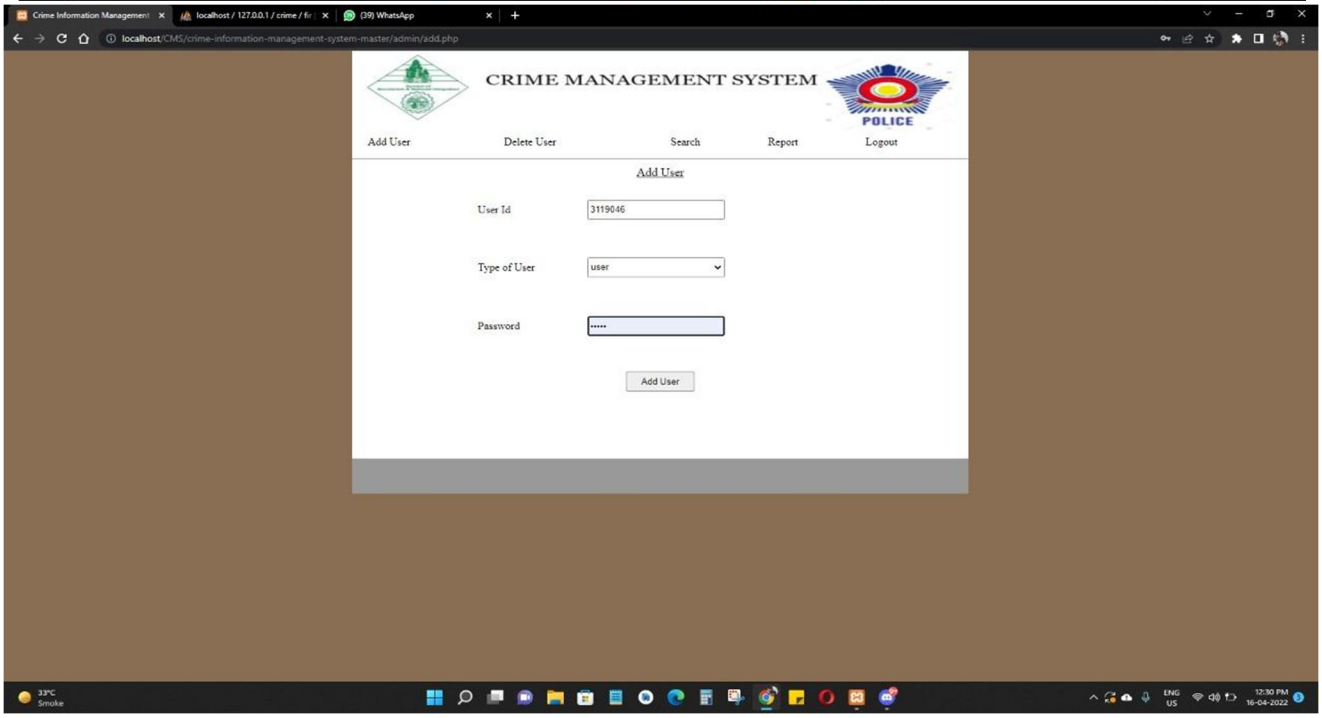

III. USE CASE DIAGRAM FOR ONLINE CRIME MANAGEMENT SYSTEM

International Journal for Research in Applied Science & Engineering Technology (IJRASET)
ISSN: 2321-9653; IC Value: 45.98; SJ Impact Factor: 7.538
Volume 10 Issue IV Apr 2022- Available at www.ijraset.com

IV. GUI OF THE ONLINE CRIME MANAGEMENT SYSTEM

Some screenshots from the software.

V. RESULT AND CONCLUSION

A. Citizens need not go to the police station to see the criminal's information.
B. They can directly see the information on site
C. Visitors can easily get information about the crime.
D. Reduce the manpower
E. Reduces Time
F. Members can view the current status of the crime investigation.
