Abstract: ***Electronic torture, Electromagnetic torture, or Psychotronic torture are terms used by individuals who are targeted by this Wireless Synthetic telepathic technology. Satellite surveillance criminal operators, often actors or often government employees, agents or crime syndicates, use transmitted electromagnetic radiation (Such as microwave listening effects), satellite technology, and surveillance techniques. And bring sounds and thoughts into people's minds, affect people's bodies and make people sick and disturb people Individuals who experience this call themselves "targeted individuals" (TIs). And they share their experiences of being harassed and victims of stalking gangs. The human brain, often considered the most complex and mysterious organ, has fascinated scientists, researchers, neuroscience and thinkers for centuries. Its complex network of billions of neurons and trillions of connections forms the foundation of our thoughts, emotions, and behaviors. Unraveling the mysteries of the brain has been a journey marked by technological leaps and paradigm shifts, and the emergence of wireless remote neural monitoring stands as a testament to the remarkable progress and engineering that humans have revolutionized in this field. Wireless Remote Neural Monitoring Or Neurotechnology represents a convergence of multiple disciplines, melding the realms of Neuroscience, wireless communication, engineering, and data analytics.***

A defining feature of wireless Remote Neural Monitoring is the ability to transmit and communicate these captured neural signals wirelessly over distances of several kilometers. This is where the world of wireless communication technologies comes into the picture BMI, also known as brain-computer interface, enables direct communication between the brain and computers.

It is a super artificial intelligence computer uploaded with Brain Computer Interface [BCI] and Brain Machine Interface [BMI]. It is a wireless artificial telepathic technology and wireless Direct Energy Weapon. This deep tech wireless Neuro technology is the biggest crisis and challenge for the whole world. Cyber criminals have started taking the help of technologies like Deep tech, satellite wireless Remote Neural Monitoring or Artificial Telepathy technology and wireless Neuro technology [Bio Electro Magnetic Weapon]. This is illegal deep tech satellite Neuro technology Or Mind controller technology and synthetic telepathic technology which is a Psychotronic weapon and Hypnotic technology. Which is operated and controlled through Satellite Surveillance.

The names of the above Deep Tech Satellite technology are different but all of them are Programs, Software and Functions of Super Computer [A I] Or Super Artificial Intelligence Computer . Satellite Technology.

1) This Super Artificial Intelligence Computer [A I] is a computer uploaded from Brain Computer Interface [BCI] Or Brain Machine Interface [BMI] . This computer is a very powerful and advanced computer setup. Brain Computer Interface [B C I] Or Brain Machine Interface [B M I] is such a Device, which forms a link of Communication between the Brain and the computer. It allows the human brain to be uploaded to a computer and integrated with a Satellite Mind Controller Computer Or Super Computer Or Neurotechnology Or Synthetic telepathic technology .

2) The Range of this deep tech Satellite Surveillance is more than several kilo meters [No Limit]. This is Quantum Artificial Intelligence Technology [AI]. The Mechanism, Hardware and Software, Algorithm of this Super Artificial Intelligence Computer [AI] Or Super Computer is designed to destroy and end the lives of us humans. Wireless Remote Neural monitoring stands as a remarkable innovation that combines the complexities of neural activity with the convenience of wireless technology. By enabling real-time, remote, and non-invasive monitoring of neural signals, this field has the potential to reshape the landscape of neuroscience research, clinical diagnosis, and therapeutic intervention.

But this deep tech Remote Neural Monitoring is misused .

The integration of miniaturized sensors, wireless communication technologies and advanced data analytics forms the cornerstone of this innovation, where our understanding of the brain is deeper and broader than ever before. As wireless neural monitoring continues to evolve, the world is facing serious challenges and threats.

It is having a bad impact on our lives and brain-machine interfaces (BMIs) has emerged as a weapon.

These are Satellite Surveillance Computer Technology Non-Contact Weapon, Electronic Warfare Weapon and Radiation Weapon , Espionage weapons and Non Lethal Weapon.

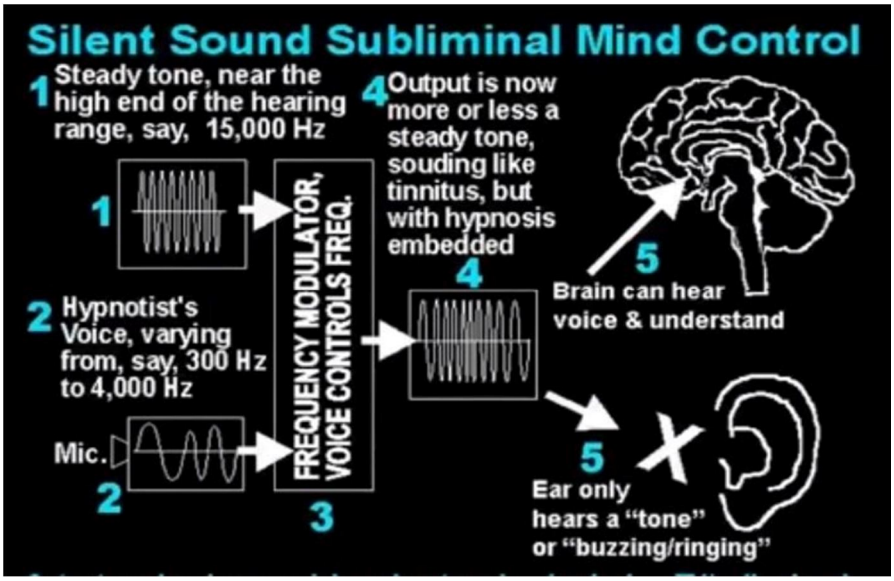
It is a weapon of Mass Destruction. Using this, People are targeted on a large Scale at Once.

II. HOW THE CYBERCRIME TAKE PLACE

Illegal Satellite Electronic Communication Technology is working all world and India.

Like, Synthetic Telepathy technology, Voice to Skull (V2K) , Artificial Telepathic , Neurotechnology ,Mind Controller technology .

Artificial Telepathic means Satellite Super Artificial Intelligence Computer [AI] operator, agent can talk to our brain from a distance wirelessly. Which is called Synthetic Telepathy Or Neurotechnology.



No chip is installed inside our body and no GPS Or any device is installed inside the body. When we humans are targeted by this Satellite Super Artificial Intelligence Computer Or Satellite wireless Direct Energy Weapon Computer [Microwave Energy Weapon].

So Wave, Frequency, Radiation, Beam always remains inside the brain and body inside the target human body. Wherever the target person goes, he takes a network of this Wave, Frequency, Beam, Radiation with him.

This technology tracks us like a tracking system.
And this wireless technology controls the Neurons in our brain. it's Brain Waves and Neuro technology .
And in just Eight to Nine seconds [8 to 9 seconds] we humans are injected into this satellite Super computer technology.
This satellite surveillance is used to talk to people's brain . It can also be called satellite Neuro phone.
The biggest feature of this Satellite Super Artificial Intelligence Computer [AI] is that When a person is targeted with this Satellite Surveillance, the Satellite Surveillance operator can increase Or decrease the wave, frequency ,beam and amount of Radiation in the targeted person's internal body and in the House and Buildings of citizens, and Government buildings as per their wish.
Such as, Microwave, Electro Magnetic Radiation Energy, Radio waves , Millimeter wave, Scalar wave etc.
We have read and heard many times that Ghosts, Aliens, Gods, Dead people, Spirits talk to people Or in people's homes or harass citizens. But there is no ghost, soul in the world, it is just a telepathic satellite supercomputer [AI] technology.
Through this Super Artificial Intelligence Computer [AI] , these surveillance operators make people fool and fool.
Like Ghosts, Aliens, Gods, Dead People, Spirits talk to someone and ghosts and spirits disturb people, Or people have confusion that someone has put a chip in their body, due to which Somebody is talking to him. These are all fake this is only Satellite Artificial Telepathic Technology which is also Mind Reader Technology and Satellite Scanner Technology which is Bio Electro Magnetic Weapon Or Direct Energy Weapon Computer.

All these are Patented technologies, which have many patents.
Which is all Patents produced .
[1] Patent # US3951134,[2] Patent # US 6011991 A, [3] Patent # DE 10253433A1,[4] US Patent 5159703 A
Patents to protect against this deep tech satellite surveillance .

A defining feature of wireless Neural monitoring is the ability to transmit these captured neural signals wirelessly. This is where the world of wireless communication technologies and Neuroscience comes into the picture.
As for the use of sound, a device that broadcasts a beam of sound waves, which can only be heard by the person at whom the beam of sound waves is aimed. In this case, the beam is formed by a combination of microwave , sound and ultrasound waves which causes the targeted person to hear the sound inside his head. Such a process can affect the mental balance of the targeted person as well as make him believe that he is mentally ill.

III. SATELLITE SUPER ARTIFICIAL INTELLIGENCE COMPUTER [AI] OR SUPER COMPUTER OR MIND CONTROLLER COMPUTER, ETC. THE FUNCTIONS OF COMPUTER ARE AS FOLLOWS.

A. Deep Tech Scanner Technology

Wireless Remote Neural Monitoring Or Neurotechnology can be combined with other imaging modalities such as functional magnetic resonance imaging or MRI or EEG, providing a comprehensive view of brain activity and internal body activity and and facilitating Cross-Modal data analysis.

This is the most dangerous function of this deep tech wireless satellite technology.

The Algorithm of this satellite deep tech wireless technology is more powerful and advanced than MRI [Magnetic resonance imaging]. That is we are injected into this Super Artificial Intelligence Computer through which these Satellite Surveillance operators criminal gangs target and inject citizens .

It is a weapon of Mass Destruction. Using this, People are targeted on a large Scale at Once.

In this Satellite Wireless Deep Scanner technology, our body remains Magnetic and Radio Waves, Microwave, Electro Magnetic Radiation, Milli meter wave and etc are always inside our body .

Due to which each and every activity inside our body, One - One movement, every internal organs of our body, Vein - pulse, Soft tissue , nervous system are clearly visible and the internal image is also visible through this Satellite deep Scanner technology Clear and clear is visible in computer technology [AI].

Like the blood flowing in the veins in our body and every internal organs of our body like Lungs, Heart, Liver, Kidney, Brain, Vein, Pulse, Soft tissue, Nervous system etc. are clearly visible in this Satellite deep Scanner computer technology [AI] .

The specialty of this Deep Tech Satellite Artificial Intelligence Technology [AI] is that in this wireless technology even the smallest veins inside our body are clearly visible from a distance.

With this satellite wireless deep tech scanner technology [wireless MRI technology], wrong and bad operations are done on the internal organs, nerves etc. of the human body from a distance.

This deep tech illegal space base satellite surveillance technology is a wireless non-contact warfare weapon which is used by Spy agencies, Military, Research institutes and Cyber criminals etc .

B. Scalar wave

It can also be called Scalar wave. Scalar wave means calculation of frequency.

C. Mind Reader Technology Or Mind Hacking Technology Or Neurotechnology

This technology is Satellite Remote wireless Mind Reader technology and Mind Hacking Technology .

We know the secret things about ourselves and others, such as our business, our money , our passwords and other secrets, secrets that only we know. Being this technology mind reader and mind hacking , all our secrets are known to this satellite super computer operators, attackers, agents too. With this Supercomputer, the Big officers , VIP people, Businessmen, Politicians, Ministers, Opposition leaders, Judges, Police officers, Investigation agency officers, Secret agency officers, Scientists, Lawyers, etc. are monitored and spied on.

D. Synthetic Telepathy Technology

This Satellite Super Computer is wireless Telepathic Artificial Intelligence computer Or Voice to Skull [V 2 K] Or Neurotechnology.Telepathic Artificial Intelligence means Satellite Supercomputer operator, agent can talk to our brain from a distance wirelessly . which is called Synthetic Telepathy. Satellite Wireless Neural Monitoring Or Synthetic Telepathy Computer Technology These two types work .[a] Active Telepathic Meth od [b] Silent Telepathic Method

1) Active Telepathic Sound type (Method)

a) In active telepathic Sound type, the target person is aware that someone is talking to that target individual through Satellite surveillance. Like ,Aliens, God, Dead people, Ghosts, Souls Or any Actor/Woman Or direct Satellite surveillance operators, attackers are talking . which only the target person can hear. These Super Telepathic Artificial Intelligence Computer operators criminals play with the lives of citizens by looking at the subject [Human brain]. These Super Telepathic Artificial Intelligences computer[AI] operators make citizens fool and mad by talking to the minds of citizens through wireless telepathic communication. Due to which the life of the target person is ruined. These Super Telepathic Artificial Intelligence computer operators are very dangerous .

©IJRASET: All Rights are Reserved

b) In this active telepathic type, the target person is very sad, upset and confuse and scared of all the people and after being targeted in this type of situation, sometimes these targeted people also commit suicide.

c) In this active telepathic type, This Satellite telepathic computer surveillance program is played with target humans 24/7 [24 hours 7 days] for several months or many years. The target person is made a mental patient and placed in a Practical Program. Through this surveillance the game of death is played with the peoples.

d) In this type, the target person is not even allowed to sleep and These programs make the target person mental, and ruins people's lives.

2) Silent Telepathic Sound Method

a) In silent telepathic Sound type, the Satellite surveillance operator plays with the brain of the target person very cleverly.

b) In Silent telepathic, the Satellite surveillance operator keeps talking to the target person's brain in silent sound.

c) In this ultrasonic type, the target person never knows that any Satellite surveillance operator is talking to the target person's mind, playing with his life in this artificial telepathic mind reader computer Or Mind controller technology . Many target humans come, in this supercomputer, people are monitored 24/7 [24 hours 7 days] and the Satellite surveillance operator keeps playing with their mind, making them crazy with silent sound.

d) In Silent telepathic, the Satellite surveillance operator will make the target human's mind a dirty mind.

e) This deep tech satellite surveillance technology is also a wireless hypnotized technology which is a brain controller. This technology is mostly used in silent sound method.

f) The Silent telepathic type is the most dangerous type.

This is a silent crime . So this Satellite surveillance technology agent, operator target people very easily with this technology.

In Active sound method and Silent sound method, These satellite surveillance criminal operators want to keep the targeted person in jail or mental hospital and hospital . due to which these target individuals remain in a practical program due to which the life expectancy of these forcibly made mental patients is reduced.

E. This deep tech satellite surveillance technology is also a weapon of Electronic Warfare. This Satellite Surveillance technology attacks in two ways.

[a] Physical attacks and [b] Cyber attacks

Cyber attacks ;-

Microwave Weapon [High Frequency Electromagnetic Radiation] These weapons have been developed and made to target both Human and Electronic systems .

Microwave based Super Artificial Intelligence Computer [AI] is designed Electro Magnetic Interference [EMI] Or Radio Frequency Interference [RFI] to damage target electronic systems .

Electromagnetic Interference [EMI] is also called Radio Frequency Interference [RFI] .

Electro Magnetic Interference [EMI] or Radio Frequency Interference[RFI] means that it Interference [interferes] in every electronic machine, every device, machine, computer and every software based machine, computer, mobile, radio etc.

1] It is Super Artificial Intelligence Computer[AI] which can hack every computer, mobile, every Software based machine etc and Phones are also tapped .

2] With this satellite super artificial intelligence computer, the network can be jammed and internet and Wi Fi can be shut down.

3] From this super artificial intelligence computer, these computer operators, agents, home TV, Radio and battery operated devices and any software based machine, CC TV Camera [Security cameras]etc. which do not have internet, blue tooth, wi-fi, chip, that machine, device Can also hack and spoil and destroy.

4] With this satellite direct energy weapons computer [Microwave weapon], computer operators can disable and short-circuit every electronic system and shut down the power supply .

And the four wheelers can be damaged technically such as the battery and electronic system of the four wheeler.

And with this satellite surveillance, every electronic system in Planes and Helicopters can be damaged by jams and technical faults.

And every electronic system of Planes and Helicopters can be easily jammed and destroyed through this satellite surveillance.

This Direct Energy Weapon [Microwave Weapon (High Energy Radio Frequencies)] Can Destroy Any Kind of Appliances.

F. And this satellite Non-Contact weapon Supercomputer has many functions.

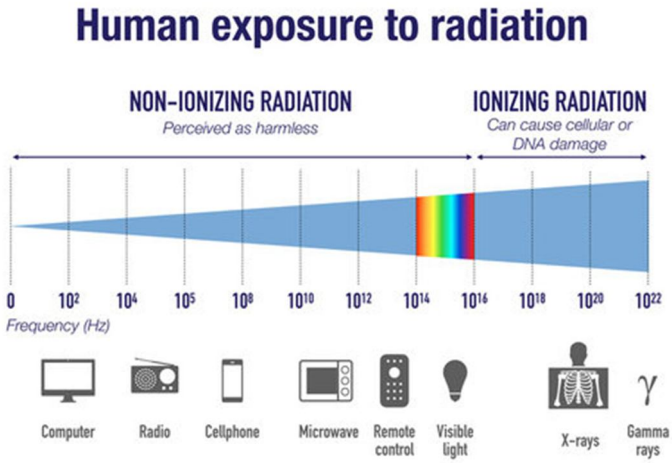
IV. FUNCTION OF MICROWAVE WEAPON AND SONIC WEAPON



Microwave Weapon also includes Particle Beam Weapon and Sonic Weapon .

A. Microwave Weapon

Microwave Weapons Are Also Called High Energy Radio Frequencies
Microwave Weapon [High Energy Radio Frequencies] : This is a Direct Energy Weapon .
Microwave Weapons are a type of Direct Energy Weapons, which target their targets by highly concentrated energy forms such as Microwaves etc. These are also called High Energy Radio Frequencies .
Humans are targeted by a beam of high-frequency electromagnetic radiation from a microwave .
Note:- Animals and Birds can also be targeted with this Microwave Weapon [High Energy Radio frequencies].
Microwave Weapon [High Energy Radio frequencies] These weapons have been developed to target both Human and Electronic Systems.
Microwave Weapon [High Energy Radio frequencies] based high power Direct Energy Weapon damages and destroys every Device, Electronic Item, Electronic Systems . And Destroy Any Kind of Appliances .
Microwave Weapon [High Energy Radio Frequencies] cause long term Harm to the Human body without any Mark.
When a person is targeted with a Microwave weapon [High Energy Radio Frequencies] the person's body either has or does not have external injury marks, but these Microwave weapons do a lot of damage in the internal parts of the body.
Like these microwave weapons destroy and weaken the internal organs of our body like heart, lungs, liver, kidney, nerves, muscles, cells etc.
Microwave waves at high frequency in the waking state of the brain, by the same process, cause sleep deprivation in humans.
There is no Sound of any way in the Radiation beam emanating from the Microwave Weapon and it is not even possible to see it.

B. Sonic Weapon

Sonic weapons = Basically Sonic weapons emit Ultrasound [Ultrasonic] and Infrasound [Infrasonic]
Humans can hear sound waves ranging in frequency from 20 Hz to 20000 Hz.
Sound waves of frequency more than 20000 Hz are called Ultrasonic [Ultrasound] and sound waves of frequency less than 20 Hz are called Infrasonic [Infrasound].
Sonic weapons use the frequency of sound that directly affects the nervous system of the human being.
The frequency of ultrasound is more than 20000 Hz and the frequency of infrasound is 9 Hz, 0. 3 Hz and 18.8 Hz is around
We cannot hear this sound by human ear.
These weapons are also known as Sonic weapons, these are satellite equipment weapons that target the public with this acoustic weapon and these weapons harass the public Mentally and Physically.

©IJRASET: All Rights are Reserved | SJ Impact Factor 7.538 | ISRA Journal Impact Factor 7.894 |

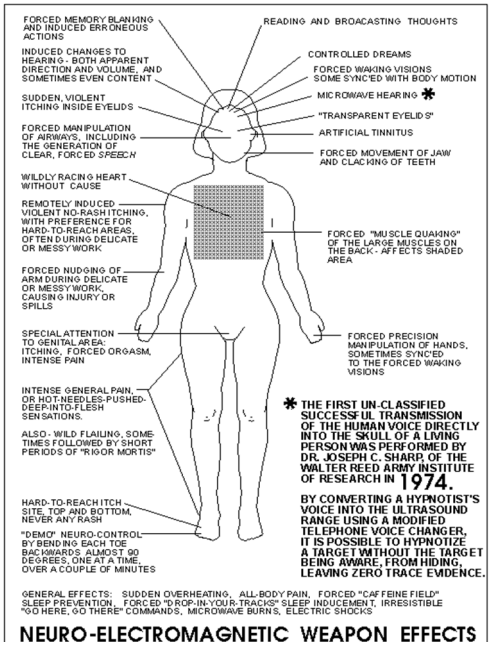
Sonic weapon are different types of weapons designed to use sound to injure, incapacitate.
Ultrasound [Ultrasonic] waves and Microwave Electromagnetic weapons cause heating that damages tissue and internal organs and make a tumor in our body .

These weapons make the public seriously ill .

- Infrasonic [Infrasound] Weapons are used to weaken and destroy the public's eyes by targeting the public with these weapons, vibrating their eyeballs and making them sick, due to which the public's eyes become weak and destroyed, causing the public's eyes to become blind. and eyesight becomes weak
- Ultrasound [Ultrasonic]Weapon is designed to pierce the Ear, tear the Eardrum, and make humans deaf, and produce unpleasant frequencies. With this weapon, the attackers inflict severe pain and discomfort in us humans and make us Deaf .

V. THIS SUPER TELEPATHIC ARTIFICIAL INTELLIGENCE COMPUTER WEAPON IS MADE BY MANY SUPER COMPUTER COMPANIES AND DEFENSE COMPANY AND DEEP TECH COMPANY OTHER TECHNOLOGY COMPANIES OF THE WORLD

This satellite illegal Super Telepathic Artificial Intelligence Computer weapon is being used against civilians.



This Micro wave weapon is a wireless current designed to attack the internal organs, nerves and body of humans and Any Kind of Appliances.
We can also call it Scalar waves which means calculation of frequency.
The shivering that target individuals experience in their bodies is actually a Vibrator current flowing through the nerves through this deep tech satellite technology.
Through this satellite vibrator weapon [Scalar waves], the internal organs of our body, their veins and other nerves are swollen and inflated and the veins are also cut.
Due to which our internal organs and nerves become useless and destroyed.
And the veins and other nerves of our organs get blocked and the nerves get destroyed.
The radiation emanating from the microwave weapon, there is no sound in the beam and it is not possible to see it and these weapons do not leave any evidence of themselves.
This is a secret technology about which Doctors and citizens have no idea about this satellite scanner computer technology [satellite MRI computer technology], bio electro magnetic weapon computer which is a satellite non contact weapon.

VI. THIS DEEP TECH SATELLITE NON-CONTACT RADIATION WEAPON CAUSES VARIOUS TYPES OF DISEASES IN THE BODIES OF CITIZENS

A. Electromagnetic radiation (EMR)

In physics, Electromagnetic radiation (EMR) consists of waves of the Electromagnetic (EM) field, which propagate through space and carry momentum and Electromagnetic radiant energy.
Types of Electromagnetic radiation (EMR) include Radio waves, Microwaves, Infrared, (Visible) Light, Ultraviolet, X-Rays, and Gamma rays, all of which are part of the Electromagnetic spectrum.
Through this wireless scanner [MRI] technology and Satellite Bio Electro Magnetic Weapon [Biological Weapon] Computer, serious diseases are being created in the bodies of the people .
Like, Cancer, Tuberculosis [TB], Heart Attack, Paralysis [Stroke], Diabetes [Sugar], Blood Cancer, Chest Cancer, kidney disease, lung disease, liver disease, Stomach disease, intestine disease, eye disease, nerve disease , sex problem, infertility problem etc

1) Mental Illness

In the world, human brain and internal body are manipulated through deep tech Remote Neural Monitoring, Neurotechnology, Mind controller technology.
Through this satellite wireless telepathic surveillance, people's minds are talked to 24/7 [24 hours 7 days] and like video games, games are played in people's minds and people are forcibly made mental patients.
These surveillance criminal operators also target small children through artificial telepathic technology and do not allow the brain development of the targeted children.
This wireless Synthetic telepathy is also called Mental telepathy.
Through this wireless mental telepathy, the mental patient is made a patient of artificial schizophrenia [forced mental patient].

This mental telepathic game is played 24/7 [24 hours 7 days] with the minds and bodies of these forcibly created mental patients for many months and many years.
Due to which the lives of these forcibly made mentally ill people get ruined.
And no one even realizes that satellite surveillance criminal operator is playing with the lives of these mental patients.
These mental patients remain in telepathic communication. Mental patients created through forced satellite monitoring are extremely disturbed and scream loudly out of fear and sometimes even abuse loudly when alone and Even commit suicide.
Forced mental patients tell their problems and ordeals to their families or people or to Neurologists and Psychologists..
Like, God, Aliens or dead people or satellite surveillance criminal operators are talking to them and torturing and disturbing them and mutilating their bodies
But no Person or Neurologist or Psychologist doctor believes in the words of these forcefully created mental patients.
Neuro doctors are not aware about this wireless Neurotechnology and Synthetic telepathic technology or Voice to skull [V2K]
And doctors and people think that these mental patients have gone mad, that is why they are saying such nonsense and delusional things and doing strange things.
And doctors declare these forced mental patients as mad.
Example = The best example of this Telepathic Artificial Intelligence is the mental patient walking on the road in India .
The life of these mental patients lives in the communication of satellite Telepathic Artificial Intelligence computer.
These Satellites Super Telepathic Artificial Intelligence Computer operators play with the lives of citizens by looking at the subject [Human Brain]
These Satellites Super Telepathic Artificial Intelligences computer[AI] operators make citizens fool and mad by talking to the minds of citizens through telepathic communication.
Due to which the life of the target person is ruined .
These Satellite Super Telepathic Artificial Intelligence computer operators are very dangerous .
The figures given below are the figures of mental patients admitted to Nagpur Mental Hospital in Maharashtra, India in the last eleven-twelve years and the figures of mental patients who died in mental hospitals.

Year	Total admitted patients	Number of patients who died
2012 – 2013	432	15
2013 -- 2014	436	12
2014 – 2015	515	26
2015 -- 2016	629	17
2016 -- 2017	708	31
2017 -- 2018	656	22
2018 – 2019	1147	30
2019 -- 2020	1194	19
2020 – 2021	913	12
2021 – 2022	1207	18
2022 – 2023	1473	35

Note - This is the data of admission and death of mental patients of Nagpur Mental Hospital which is in research.
Which is that these mental patients and their death have nothing to do with this wireless neurotechnology and synthetic technology.
And the putative Researcher [Author] has not made any such claim or allegation that the cause of death of these mental patients is due to Neurotechnology Or Synthetic telepathic technology.
These mental hospital figures are only for the safety of mental patients and to draw the attention of the government towards this wireless mental telepathy or synthetic telepathy technology and neurotechnology and to make a strict Satellite Surveillance Neurotechnology Act law in this matter.
Now,
Governments of the world and especially India should install advanced powerful Jammers and advanced receivers or advanced technology in Mental Hospitals to protect the lives of Mental patients from deadly deep tech satellite technologies like wireless Remote Synthetic telepathic technology and Neurotechnology.

©IJRASET: All Rights are Reserved | SJ Impact Factor 7.538 | ISRA Journal Impact Factor 7.894 |

It should be made mandatory for Neurologist or Psychologist doctors in the world to tell and understand about this satellite wireless Neurotechnology Or Artificial telepathic technology.
And Neurologist Or Psychologist medical students should be taught about wireless Neurotechnology and Synthetic telepathic technology.

2) Diabetes [Sugar] Disease

These supercomputer criminal operators in our Pancreas weaken and damage our Pancreas with excessive energy [high energy electromagnetic radiation] .
Due to which the pancreas swells and the cells of the pancreas are destroyed by the high electro magnetic energy. Due to which our Pancreas does not remain natural and Pancreas stops producing insulin in the body, due to which the level of glucose in the blood in our body starts increasing. So we become patients of diabetes [sugar].
These satellite surveillance criminal operators mix the water from whatever food we eat or drink into our blood through our veins.
Mostly these deep tech satellite wireless scanner [MRI] computer technology operators mix our food juice and sugary drinks or sweeteners, which is a type of glucose, directly into our blood from the veins of our lungs and other nerves, allowing us to Gets diabetes. Mostly, these food items and sweet drinks spread through the veins of our lungs in the veins and organs of our entire body and get mixed in our blood. Often these super artificial intelligence computer operators inflate the veins of the legs with waves and frequencies and make space for our food - water or drinks to go into the veins on the lower leg side of the waist.
And a large amount of food, water and sweet dirty water gets accumulated in the large veins and blood of our feet, due to which the veins of our feet swell and our feet get damaged, due to which we remain diabetic patients.
And cause problems in the Organs of our body.
Often, when we become patients of Diabetes [Sugar], these operators target our eyes through wireless Neural Neurotechnology and cause problems to our eyes and our eyesight reduces or we even become blind.

3) Heart attack

People are killed by Heart attacks from Direct Energy Weapons Or Super Artificial Intelligence Computer weapon technology ,The vein supplying blood to the heart is closed by increasing the level of radiation energy .
Due to which it becomes difficult for the blood to reach the heart and the muscles get destroyed, and the heart does not even get oxygen, due to which heart attack comes and people die from heart attack.
and With this deep tech wireless scanner technology [wireless MRI technology], blockages are created in the heart of the human and the humans are made heart patients.

4) Paralysis

Deep Tech Satellite Surveillance operators stop the flow of blood in the veins of the brain by powerful excessive energy[high energy electromagnetic radiation] by increasing the level of waves ,, radiation in the brain of target people through Neurotechnology Or Mind Controller .
Due to which it becomes difficult for the blood to reach the brain and the muscles are destroyed, and when there is a blockage in the blood supply to the brain, the brain cells in that place begin to die, because they should get the oxygen and nutrition they need to function. He can't get it. In this condition any part of the body stops working. Which is called paralysis stroke.

5) Liver Failure

Satellite Super Artificial Intelligence Computer which is Satellite Scanner [MRI] Technology Weapon Computer, through this computer these super computer operators increase the level of excessive energy[high energy electromagnetic radiation] in the liver due to which there is swelling in the liver. And they make the liver inflames and destroy the liver cells due to which the liver becomes fatty liver and the shape of our liver changes due to which human liver gets damaged .

6) Kidney Damage

In the world, due to the use of satellite supercomputer operators, attackers, powerful excessive energy[high energy electromagnetic radiation], the kidneys of citizens swell and become useless due to which the kidneys are unable to do their work and the kidneys get damaged.

©IJRASET: All Rights are Reserved | SJ Impact Factor 7.538 | ISRA Journal Impact Factor 7.894 |

With this satellite supercomputer, by increasing the level of excessive energy in the kidneys of people, the kidneys are swollen and inflated and the cells are destroyed.
Due to which the kidney is not able to filter the toxins and chemical toxins get accumulated inside the kidney, due to which the kidney is not able to function naturally and the kidney fails. Due to which the blood supply to the kidneys gets disrupted and the veins get blocked.
In this way, our kidneys get damaged due to this satellite supercomputer and people die.

7) lung Disease , Weakening of the Lungs

Satellite surveillance operators in the world , by inflating the lungs of the citizens with Microwave and High Frequency Electromagnetic Radiation, weaken the lungs of the citizens and make them patients of lung cancer, TB and other serious diseases.

8) Cancer of the Stomach and Intestines [Colon Cancer], Oral Cancer and many other types of cancer are created in the human body by this deep tech illegal artificial intelligence computer or wireless scanner technology [satellite wireless MRI technology].

Deep Tech Illegal Super Artificial Intelligence Computer or Wireless Scanner Technology [Satellite Wireless MRI Technology] Criminal operators create various types of rare diseases in the bodies of citizens remotely and do not allow any medicine to have any effect inside the body.

VII. PEOPLE ARE BEING HARASSED AND TORTURED THROUGH THIS CYBER CRIME

1) In January 1999 the European Parliament passed a resolution calling for an international convention to impose a global ban on all development and deployment of weapons that could enable any form of manipulation of human beings.
2) On February 28, 2020, the UN Special Rapporteur on Torture, Professor Nils Melzer, issued his World Report on “Torture and other cruel, inhuman or degrading treatment or punishment.” This report included a definition of “Cyber torture,” the Crime Against Humanity where millions of targeted victims worldwide are remotely assaulted with Electromagnetic Weapons in actions directed via computer, often from Supercomputers.(A/HRC/43/49) Cybertorture
3) Targeted by this illegal satellite surveillance, citizens all over the world and in India have filed reports against this technology.

VIII. TARGETED INDIVIDUALS SATELLITE COVERT ELECTRONIC HARASSMENT:- DISMANTLING THE MIND CONTROL PROGRAM

There is a criminal covert program going on around the world using microwave radiation weapon and deep tech satellites surveillance technology for illegal surveillance of innocent people, driving them crazy by Remote Neural Monitoring and Voice to Skull [V2K].
In this satellite Remote Neural surveillance and voice to skull [V2K] or Neurotechnology, in most of the cases the satellite surveillance criminal operator plays the game of mind gaming with the target individual as if you are the victim of illegal Police harassment programs which is a Psychological game which is It is a confused game played by the satellite survillance with the target person.
Like suddenly you are being monitored by the Neighbors or wherever you are going, people are coming near and behind you and you are being implicated in some conspiracy.
And some community or gang is harassing you from time to time 24/7 and some gang is following you.
Your mobile phones being tapped and traced?
And are efforts being made to isolate or implicate you from society because of your own words and thoughts?
This means that illegal deep tech satellite mind controller surveillance criminal operators want complete control over you and you are a part of illegal Neuro-experimentation.
In this program you are subjected to 24/7 [24 hours and 7 days] horrific Mind Control and Dark Neuro programming combined with street theater and Neuro technology to make you weak and lonely by isolating you from society, friends and family.
And your financial condition is ruined.
These satellite surveillance criminal operators want to keep the target person in jail or mental ward or hospital.
By playing this mind gaming game with you they are instigating you to commit a crime or even commit suicide.
And driving you crazy by playing such confusing mind games.

And in this game the target person becomes a confused person or a drug or alcohol addict or a mental patient and cowardly person.
In this satellite mind controller game, the target person is targeted and trapped in an illusion trap.

For example :-
Like someone is taking your pictures or recording your voice on mobile?
Like some major Police action is being taken against you?
Or are you being implicated in a criminal case by a criminal gang or the Police?
Or your friends, relatives and family in collusion with the police and criminal gangs and plotting against you?
Or if some unknown person asks you about someone's address, then you think that he is an informer who is keeping an eye on you.
This Psychological game is played with every target individual.
The above incident has occurred with every targeted individual and has been reported by multiple targeted individuals.

IX. MEASURES TO PROTECT YOURSELF AND PREVENT THIS CYBERCRIME

These are some advanced technologies by which citizens can be saved from this satellite deep tech Artificial Intelligence technology weapon.
Such as ;-

1) Microtail ,Microwave Receivers Work Like This Microwave Detection
Remote Neural Monitoring , Brain Wave Technology , Remote Mind Control Technology to protect yourself from microwave radiation you need a parabolic antenna a microwave detector, a frequency generator and a similar computer program that calculates the frequency that diffuses and destroys the microwave beam and cancels it so you can destroy the carrier wave that transports the brainwaves .

X. LAWS ARE BEING MADE

To stop this crime, governments of many countries are making laws against this illegal deep tech satellite surveillance technology in their country and are taking good steps.

1) America has blacklisted China's Academy of Military Medical Sciences and 11 affiliated biotechnology research institutes. The allegation is that these Chinese companies were helping the Chinese army in developing "Mind-Control" weapons. America has taken action against a total of 34 such companies. The US Commerce Department on put questionable research institutes on a list that prevents American companies from exporting technology originating in the US to Chinese institutions. US Commerce Secretary Gina Raimondo said, "China is using these technologies to control its people and repress members of ethnic and religious minority groups.

America has claimed that China is working on weapons that can take technological warfare to a new level. These weapons have the ability to 'Control' and 'Paralyze' the minds of enemy soldiers. The US has 'Blacklisted' China's Academy of Military Medical Sciences and 11 affiliated research institutes for using 'biotechnology', including 'alleged brain-control weaponry', to support the armed forces. ' Is done.

2) Chile is the first such country in the history of the world. Who have made a law against Neuro Technology.
Chile has become the first country in the world to do so. Under this law, a person will have the Right to Mental Privacy and his will. Through this law, it has been made a crime to control a person through Satellite wireless Neurotechnology.

Chile recently passed Law No. 21.383, modifying the final clause of Article 19, Number 1 of the Constitution, regarding the protection of mental integrity in relation to the advance of Neurotechnologies.

3) The Richmond City, California [U S] Council which just passed a resolution “in support of the Space Preservation Act and the Space Preservation Treaty to permanently ban spaced-based "Mind-Control" weapon”. Which has already been

4) General Assembly of the State of Colorado [U S] : HOUSE BILL 24 – 1058
Colorado lawmakers want to protect people's privacy from machines that can read thoughts .
A panel of lawmakers approved legislation that would make Colorado the first in the nation to protect people's biological data from technology companies, raising worries that new machines could be come so powerful they could read thoughts.
That it is feasible to manipulate human behavior with the use of subliminal, either by sound or visual messages, is now generally known and acknowledged by the scientific community.
This is why in most countries, the use of such technologies, without the consent of the individual concerned, is in theory banned. Needless to say, the use of these technologies is undertaken covertly, without the knowledge or consent of targeted individuals.
As technology advances, it becomes important to address ethical concerns related to privacy, health, security, and data ownership. Researchers and policy makers should ensure that wireless neural monitoring is not misused against civilians.

XI. CONCLUSION

1) It is also important to address the ethical and social considerations surrounding wireless Remote Neural Monitoring and Neurotechnology. As technology advances, questions related to citizen privacy, security and data ownership are becoming increasingly relevant. The collection of sensitive neural data raises concerns about potential misuse or unauthorized access. Striking a balance between harnessing the potential of wireless neural monitoring and protecting individual rights will be paramount as the field continues to progress.

Collaboration between scientists, neuroscientists, engineers, and data analysts has opened new doors of exploration that cross the fields of warfare research, clinical diagnosis, and brain-machine interactions.
This deep tech satellite surveillance is used against citizens
With each wireless transmission of neural data, we are in a situation where the secrets of the brain and our thinking are exposed and controlled from a distance.
Due to which our privacy and security has been breached .
There are currently no specific laws to protect humans during cybertorture and Satellite Electronic Harmment or nor is there any medical assistance for them. The situation is compounded by the fact that scientists do not leave any information about illegal mind reading technologies and wireless weapon . They simply keep progressing in their cognitive neuroscience crimes.
Article 1 of the Charter of Fundamental Rights of the European Union (2000) states that “Human dignity is inviolable. It must be respected and protected”
And
Articles 12-35 of the Indian Constitution deal with fundamental rights. These human rights are granted to the citizens of India and the Constitution states that these rights are inviolable. Right to life, right to dignity etc. all come under one of the six main fundamental rights.

Space base technology and communication technology based world, this fundamental human right and basic moral principle is facing increasing threats. The world must take measures against cybertorture to prevent the non-consensual use of citizens using remote cyber-psychological systems, such as satellite technologies and techniques that affect the human mind and body.
And all the world should make strict laws to give strict punishment to deep tech cyber criminals.
And all the citizens who are being targeted by this illegal satellite surveillance technology should file a report so that the police, investigating agency, court and government become alert in this matter and the lives of the victims are saved.

2) CBRN Centers have been created in many countries of the world to protect against Chemical, Biological, Radiological and Nuclear weapons.

On the lines of this CBRN Center, all the countries of the world should also create Anti-Radiation Centers Or Zero Radio Frequency centers to protect the citizens from satellite wireless non-contact radiation weapons.
And highly advanced jammer and anti-radiation technology should be used in these centres.

3) Governments of the world and especially India should install advanced powerful Jammers and advanced receivers or advanced technology in Mental Hospitals to protect the lives of Mental patients from deadly deep tech satellite technologies like wireless Remote Synthetic telepathic technology and Neurotechnology.

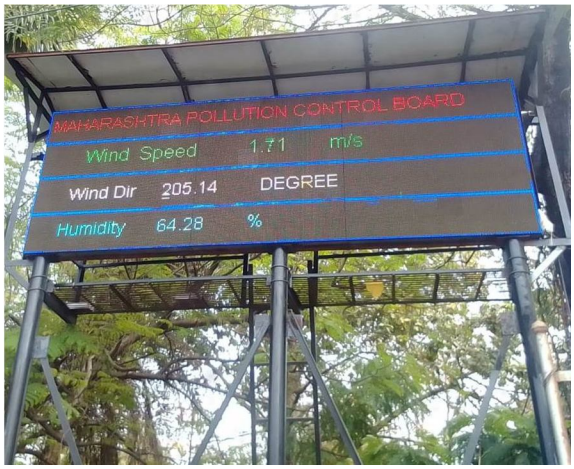
And to avoid this satellite wireless Bio Electro Magnetic weapon [Direct Energy Weapon], on the lines of mental hospitals, advanced powerful Jammers and advanced Receivers Or advanced technology should be installed in the Jails for the safety of the prisoners in Indian jails.

4) It should be made mandatory for Neurologist or Psychologist doctors in the world to tell and understand about this satellite wireless Neurotechnology Or Artificial telepathic technology.

And Neurologist Or Psychologist medical students should be taught about wireless Neurotechnology and Synthetic telepathic technology.

5) In Maharashtra state, India, The Maharashtra Pollution Control Board has installed electronic boards measuring weather, wind and pollution in various places, squares and every city, which tell what is the wind speed today, how much pollution is there and what is the temperature.

Similarly, to avoid this satellite radiation weapon, countries all over the world should also install well equipped and advanced technology boards in their country to measure wave, frequency, radiation and beam.
So that citizens know that wave frequency or radiation more than the prescribed quantity is not coming into people's homes. Due to which the citizens will remain safe.
This is the photo of the board with automatic, advanced technology installed by Maharashtra Pollution Control Board in Nagpur city to provide daily information related to weather and pollution to the citizens.



- The basic objective of this True Research is to alert and protect citizens from illegal Deep Tech Satellite Surveillance technology and Cyber terrorism .
