Abstract: Tourism is considered to be a major tool worldwide, instrumental in economic development, employment generation, poverty alleviation and international understanding. India is slowly and steadily registering its presence in the global arena, especially in the Asia and Pacific Region in the Tourism Sector. The share of India in terms of International Tourist Arrivals and rankings has increased considerably since 2014 (India Tourism Statistics, 2017). Since 2014, the Foreign Exchange Earnings from Tourism has surpassed the 20 billion USD mark. In 2014 India earned 20.2 billion USD which increased to 21.07 billion USD in 2015 and 22.92 billion USD in 2016. The Government of India, in order to position India as a major tourist destination, initiated various schemes such as Incredible India Campaign 2002, Atithi Devo Bhavah (ADB) in 2005, Visit India Year 2009 and Tourist Visa on Arrival (TVOA) in January 2010. Visa on Arrival was enabled by Electronic Travel Authorization on November 27, 2014. In April 2015 this scheme was renamed as e-TV i.e. Electronic Tourist Visa. The scheme is already paying dividends as the journey began with 5 countries in 2010(Singapore, Japan, New Zealand, Finland, Luxemburg) and as of now, nationals of 161 countries are availing e-Tourist Visas to India. In 2016, overall 1.079 million foreign tourists availed this facility as compared to 4,45,300 during January-December 2015, registering a growth of 142.5%. The paper aims to discuss the e-Tourist Visa and its impact on improving the inbound tourism in India

Key Words: Visa on Arrival-Tourist Visa, Inbound Tourism

I. INTRODUCTION

International Tourism has grown by leaps and bounds in the last six decades from 25 million International Tourist Arrivals in 1950 to 940 million International Tourist Arrivals in 2010.(UNWTO, World Tourism Highlights, 2011). The growth has been phenomenal across all the five regions defined by UNWTO. The Tourism sector has emerged as one of the fastest growing economic sectors worldwide mainly attributed by higher disposable incomes especially of the middle class, increased time for leisure and recreational activities and the emergence of low cost carriers globally. The growth has been commendable especially in Asia and the Pacific Region as far as Tourism is concerned. India has strongly registered its presence on the Tourism Map of South Asia. It is the most visited nation in the South Asian Sub Region. To position India as a major Tourist Destination, Government of India introduced this lucrative scheme i.e. Visa on Arrival in 2010 and supplementing it further by enabling Electronic Travel Authorization on November 27, 2014 and renaming it as e-Tourist Visa in April, 2015. The facility of e-Visa has been made available by the Government of India to the citizens of 161 countries, arriving at 16 International Airports in India.
