Based on one's horoscope one can predict when and how one's health will suffer and make the horoscope to be preconscious. The horoscope can predict which organ of the body is most vulnerable to being overly weak. Knowledge of medical astrology is very important for the doctor. Navagrahas are the same color that had an impact on the human body. It is believed that the disease can be eradicated by knowing their impact and then seeking medical attention. It was common for astrologers to appear in the royal courts. Physicians would also treat patients surgically, and astrologers, in this case, were the ones who handled the medicine very well. Based on this, they predicted the harm to the country, knew the disease coming through it and treated the medical system accordingly.***

I. INTRODUCTION

The common saying is, "Life without disease is life without wealth." On this basis, no matter how much wealth one has, it is a wealth that will last forever in one's life without disease. Nature has shown us in many ways that every living thing is unique. Although everyone in a family has been following the same diet for many generations, not everyone in the family gets the same disease. This does not mean that diet alone is the root cause of diabetes. Our focus is to establish and confirm the theories concerning diabetes, the impact of the six - eight - twelve houses that cause diabetes, as well as the effect of the planets Venus, Jupiter, Saturn, and the Moon, which are also believed to be factors causing diabetes.

II. DIABETES - IMPACT OF LAGNA'S

Aries Lagna, the 8th house (Scorpio) is the water house and the 12th house is the water house of the planet Guru. Taurus Lagna, the 6th house (Libra) is the house of the planet Venus and the 8th house is the house of the planet Guru. Gemini Lagna, the 6th house (Scorpio) is the house of water and the house of the Guru is the footstool. Cancer Lagna, the 6th house is the house of the planet Guru, the 8th house is the house of the planet Saturn and Venus is the house of Saturn. Leo Lagna, the 6th house is the house of Saturn (Capricorn) and the 12th house is the house of Aquarius (Cancer). Virgo Lagna, the 6th house is the house of Saturn (Aquarius) and the house of the Guru. Libra Lagna, the 6th house is the house of the planet Guru and the 8th house is the house of Venus (Taurus). Scorpio Lagna, the 6th house is the house of Mars (Aries) and the 12th house is the house of Venus (Libra). Saggitarius Lagna, the 6th house is the house of Venus (Taurus) and the 12th house is the house of Aquarius (Scorpio). The 12th house of Capricorn is also the house of the planet Guru (Sagittarius). Aquarius Lagna, the 6th house is the house of Aquarius (Cancer) and the 12th house is the house of Saturn (Capricorn). Pisces Lagna, the 8th house is the house of Venus (Libra) and the 12th house is the house of Saturn (Aquarius).

III. DIABETES - PLANETARY CAUSES

There is no single cure for diabetes. This disease affects all zodiac signs. The causal planets for diabetes are Venus, Guru and Saturn. The 6th, 8th, and 12th sins of this disease, and the causal planets associated with water, are causal houses. In sinfulness 6 signifies disease, 8 signifies kidney damage, and the long-term effect of the disease the corresponding hardship and loss, and the 12th sign of rest and eyes. The eyes reflect the expressions of the liver. When the liver is affected, so are the eyes. Thus house 6^{th}, 8^{th}, 12^{th} become the causative agent of diabetes. The body does not get enough rest when it affects half of the twelfth. The liver is affected when rest is reduced. So that the eyes are also affected. Liver disease affects all eyes in diabetics and affects the eyes. Venus signifies early diabetes and Guru signifies mature diabetes. Guru, Venus fusion represents the most mature (glycogen) diabetes. Venus represents glucose. Glycogen is the stored multiple glucose. The Guru also refers to this. The combination of Venus and Guru indicates the multiplicity of sugar components. Saturn is the planet that signifies the consequences of diabetes and the affected organs.
