It is hereby certified that the paper ID: IJRASET14847, entitled
Comparative Study and Analysis of Retempering of Concrete to Improve
the Workability and Strength
by
Ravindra Kolekar
after review is found suitable and has been published in
Volume 6, Issue III, March 2018
in
International Journal for Research in Applied Science &
Engineering Technology
Good luck for your future endeavors

Editor in Chief, iJRASET
It is hereby certified that the paper ID: IJRASET14847, entitled "Comparative Study and Analysis of Retempering of Concrete to Improve the Workability and Strength" by Shubham Patil, after review is found suitable and has been published in Volume 6, Issue III, March 2018 in International Journal for Research in Applied Science & Engineering Technology.

Good luck for your future endeavors.

Editor in Chief, iJRASET
It is here by certified that the paper ID: IJRASET14847, entitled "Comparative Study and Analysis of Retempering of Concrete to Improve the Workability and Strength" by Sourabh Magdum after review is found suitable and has been published in Volume 6, Issue III, March 2018 in International Journal for Research in Applied Science & Engineering Technology.

Good luck for your future endeavors.

Editor in Chief, IJRASET
It is hereby certified that the paper ID: IJRASET14847, entitled *Comparative Study and Analysis of Retempering of Concrete to Improve the Workability and Strength* by Prakash Jagtap, after review is found suitable and has been published in Volume 6, Issue III, March 2018 in *International Journal for Research in Applied Science & Engineering Technology*. Good luck for your future endeavors.
